“ Keeli and the rest of the Beach House staff were so accommodating and kind. We had our rehearsal dinner there and everything went flawlessly. The hotel is beautiful and they even had a treat basket for us when we got up to the hotel which I thought was a wonderful surprise. I would definitely recommend them to anybody thinking of having a reception or a rehearsal dinner there. They are awesome!”

- Danielle, Bride, June 2018

“ We had a super small brunch wedding at Beach House last weekend and had the best time! Margaret and Kim were both very easy and friendly to work with and went the extra mile every step of the way. They have a gorgeous outdoor reception area and the food was amazing. They're also dog-friendly! I would highly recommend getting married at Beach House. Thank you for everything!!”

- Kelly, Bride, November 2023

“ I loved the ladies who helped me have a perfect wedding. I worked with several ladies over two years [of planning]: Margeret was my constant person, and Kim finished up along with Margaret. My questions were answered promptly and even when I had a concern they were on it! Took care of me and my groom! The venue went through transitions but the ladies kept my values and vision at the forefront. They did everything to ensure the day was wonderful, and it was absolutely amazing. Also, hats off to the chef – my guests are still talking about everything. The shrimp and grits are a must! I am so grateful for my wedding team and now consider them family. If you want a wedding in Hilton head that is intimate and client-centered, get in touch with them at Beach House!”
