INTERCONTINENTAL®  
CARTAGENA DE INDIAS

The Insider program at InterContinental Hotels & Resorts is designed to open doors to a more local way of experiencing Cartagena. We handpick destinations that capture the authentic spirit of Cartagena: where locals gather, where the atmosphere tells its own story, and where every detail is seamlessly taken care of.

*These are the experiences we wholeheartedly recommend.*

## Close-By Discoveries

### Castillogrande: local shorelines, calm Waters

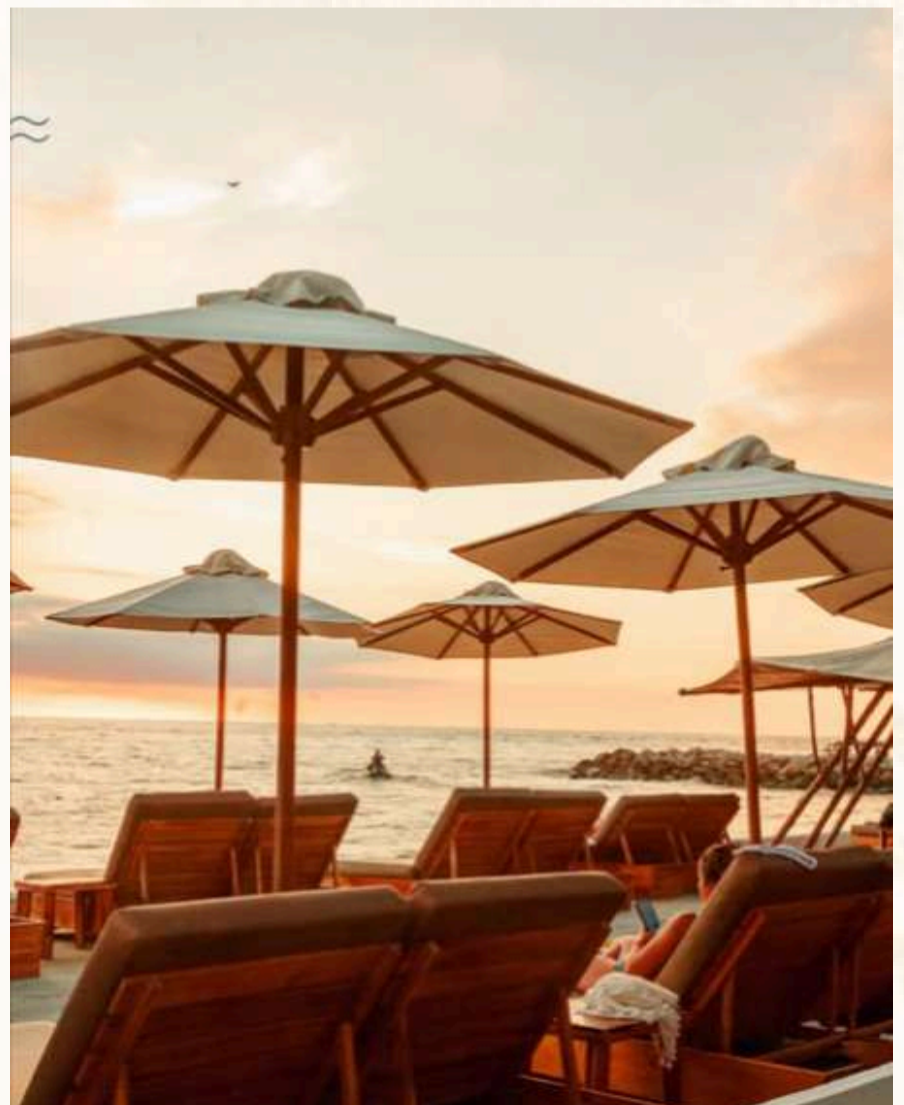

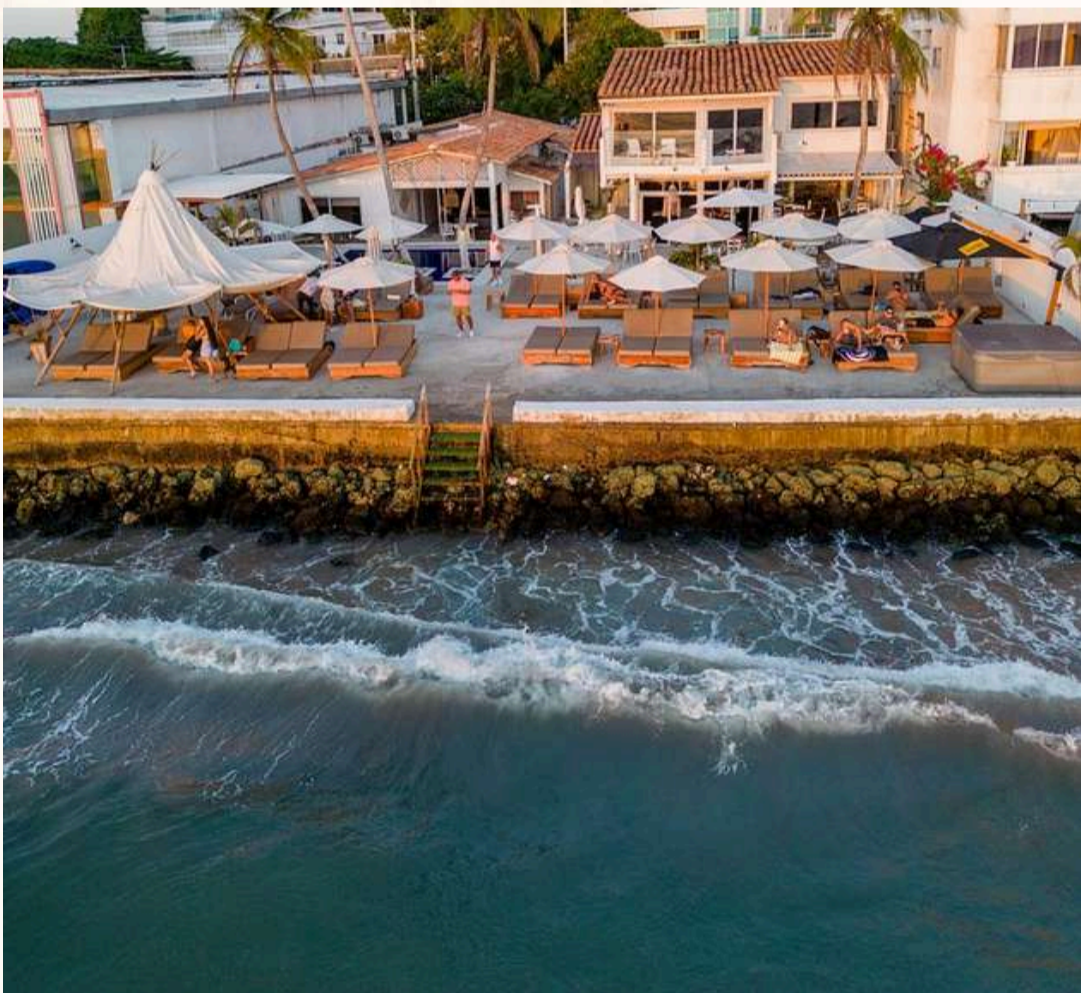

The beaches of Castillogrande are a local favorite and an insider spot, known for their calm waters, soft shoreline, and residential coastal charm. The atmosphere is relaxed and unhurried, with a naturally serene rhythm that invites long walks, quiet swims, and unfiltered connection with the sea.

We recommend it as a safe and serene beach experience where guests can enjoy Cartagena like a local, in a calm and effortless coastal setting.

Our very local guide, a long-time caretaker of the beach, will be there to receive guests and guide the experience on arrival. *We coordinate both welcome and transportation, ensuring everything flows smoothly and feels easy from door to shore.*
