TESTIMONIAL 1

FROM BRANDON C.

We brought a large meeting to Jungle Bay in February 2024. Everyone had the best time thanks first and foremost to the fabulous team (more on that later), the gorgeous setting overlooking the ocean above Soufriere, a myriad of activities, from mountain hikes (both mildly challenging and really challenging!) to scuba and snorkeling at Scotts Head and Champagne Reef, swimming with the sperm whales believe it or not, tours off property to hot sulfur baths, tours of Roseau and Wotten Waven, and learning and appreciating the natural splendor of the self-sustaining resort.

The villas were large and rejuvenating. Food was fresh, delicious and always changing throughout the week. The bar was always busy, particularly with our group!

But most of all I'd like to give a huge shout out to the Jungle Bay team - from the managers Laura and Nancy who accommodated us in every way possible, including working with our doctors who asked for help planning their own outside activities and for personally guiding group activities and yoga sessions.

Hilda is also wonderful. She helped a great deal especially when it came to making sure our group meetings/lectures went smoothly. And a big thank you to everyone else, Joanne, Dario, Weefee, Sam's dad!, shuttle drivers, restaurant crew, bartenders, and housekeeping. It's obvious how much the entire team loves Jungle Bay Dominica, and those feelings were infectious.

TESTIMONIAL 2

[FROM PROJECT CETI](#)

Project CETI recently hosted our latest all-team meeting at Jungle Bay. The staff at Jungle Bay Dominica, especially Joann and Amanda, worked with us every step of the way to make sure that we had everything we needed to make our meeting a success. They readily answered any questions that we posed to them, helped find solutions to any issues that arose, recommended local attractions/spots to visit in Soufriere, and were incredibly welcoming upon arrival and throughout our stay.

We can not thank the team at Jungle Bay Dominica enough for all their hard work and attentiveness. Everyone on our team loved their accommodations, felt very cared for, and can not wait to come back. Project CETI thoroughly recommends Jungle Bay!
