3
LEGENDS

Reunion Resort is the only destination in the world to boast three Signature golf courses designed by legends Palmer, Watson and Nicklaus - all onsite!

Arnold Palmer

Arnold Palmer's style, even more than his scorecard, elevated him to legendary stature. He played with a sense of adventure and exuberance, and today designs golf courses with that same passion. Innovatively routed on hilly, roller coaster-like terrain, Arnold Palmer's 6,916 yards, par 72 Signature Course boasts dramatic elevation changes – up to 50 feet in some places – creating a unique variety of risk/reward shots. That varied menu of shot-making opportunities is further ensured by six tee locations on each hole, a variety of natural preserve areas, generously wide fairways and strategically placed bunkers across all 18 holes.

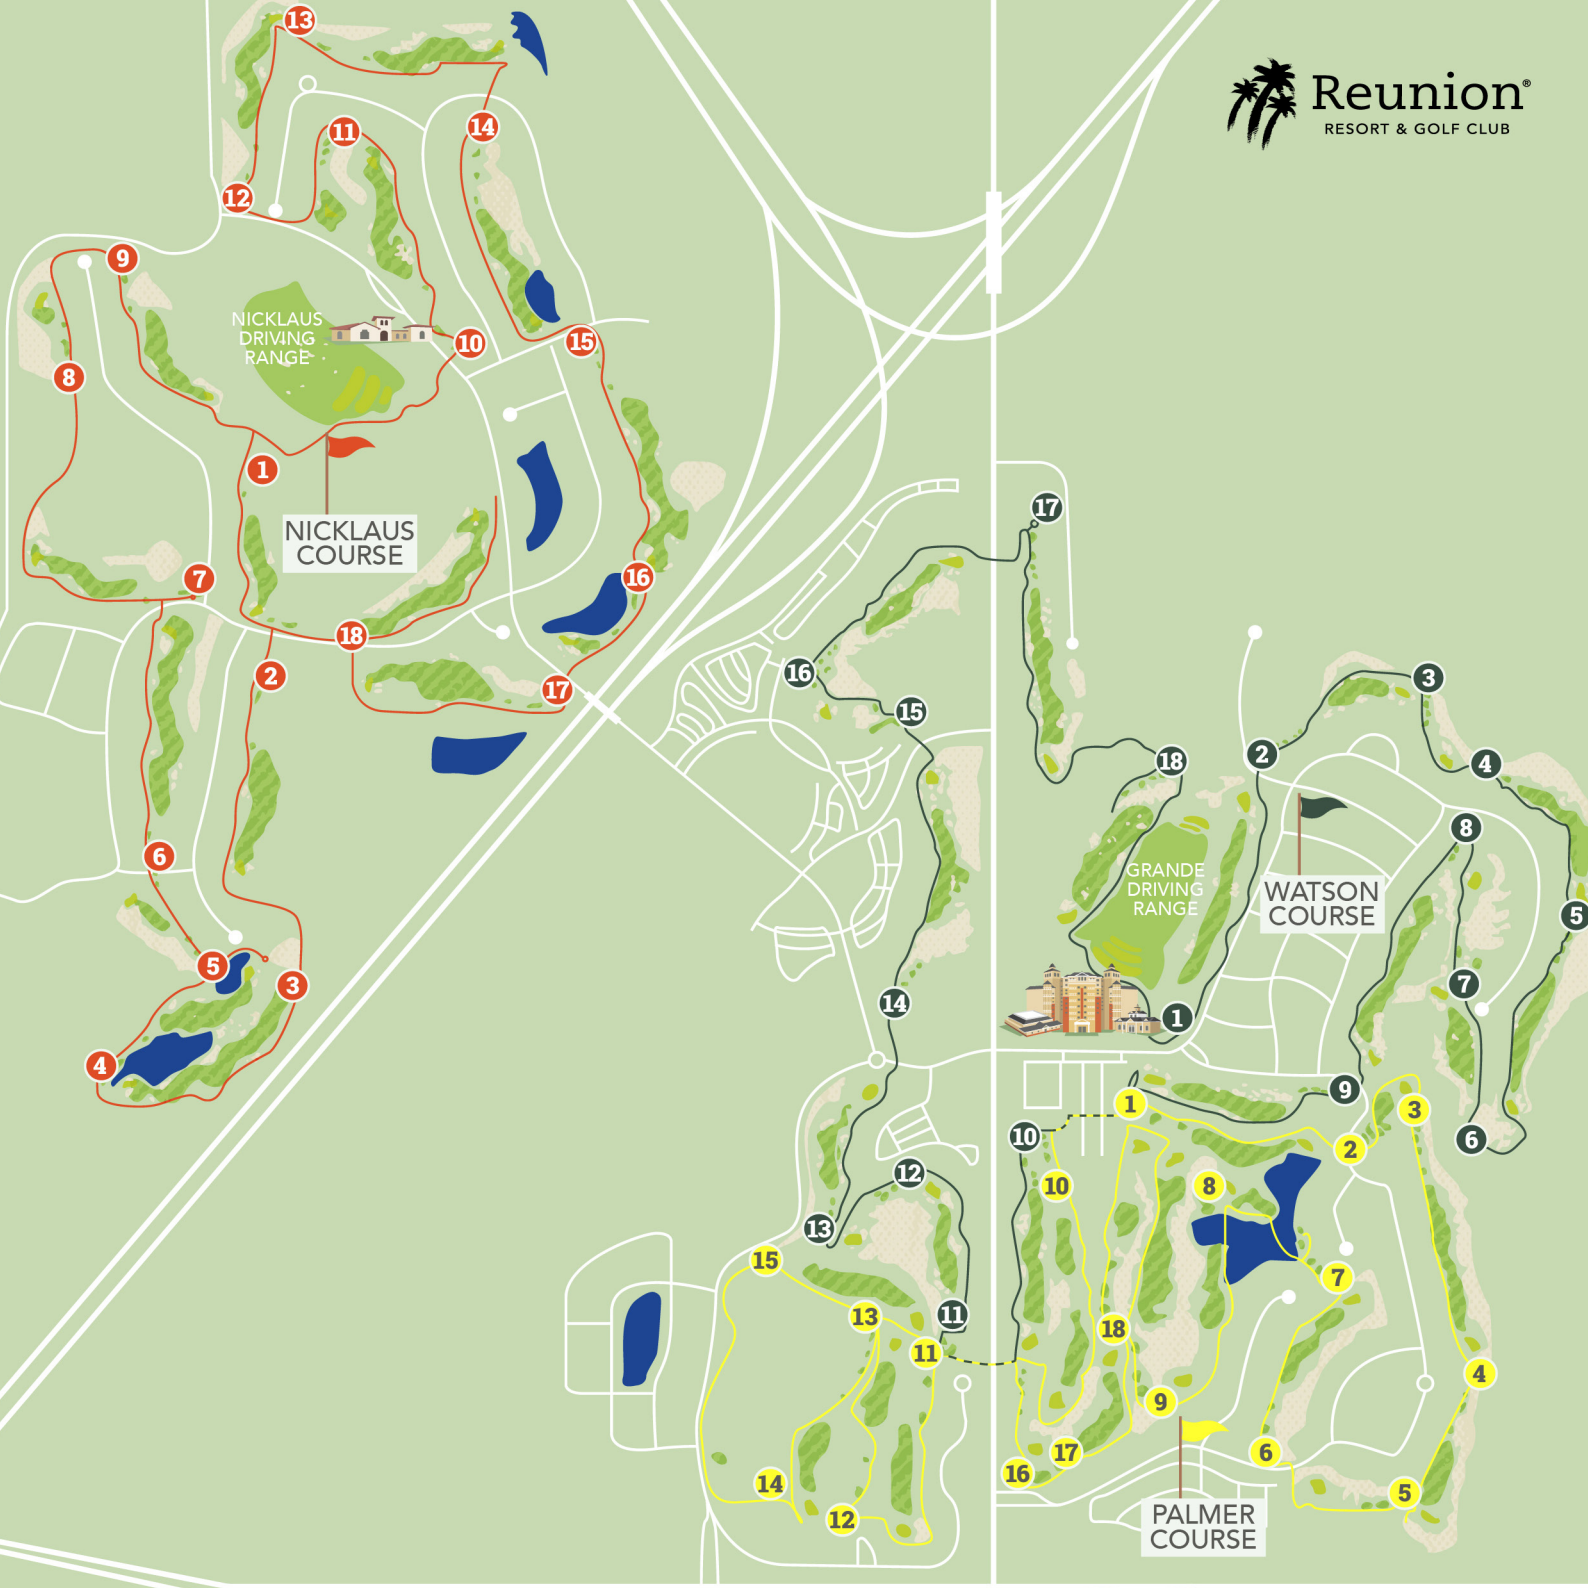

Tom Watson

As one of professional golf's most prolific champions with eight major championship titles including five British Opens, Tom Watson is universally lauded for his passionate play, exceptional course strategy skills and attention to detail. As a golf course architect, Watson brings a similar focus and dedication to each of his designs. Highlighted by fast, firm and wide rolling fairways, a variety of strategically placed bunkers and large greens, the 7,154 yard, par 72 Watson Course is as much about strategy as it is about length. Demanding a well thought out approach from every player regardless of skill level, this course puts a premium on a solid short game with spacious green complexes where club selection can vary from putter to lob wedge to three-wood.

Jack Nicklaus

No name is more synonymous with greatness in the sport of golf than Jack Nicklaus, and no single person has changed the face of the sport more than he - the player, the designer, and the goodwill ambassador. The Golden Bear brought his unique perspective and design acumen to Reunion and has built a course destined to become a classic. Discover the Reunion Golf Experience on the Nicklaus Course. This experience offers elevated services and amenities for golf groups or single players. While the course still retains its individual characteristics and strength, you will enjoy a higher level golf experience from bag drop to the 19th hole and everywhere in between. Designed to tempt golfers into hitting risky shots with potentially big payoffs, the course challenges the golfer to step up to the ball with a carefully organized series of shots in mind.
